

# PORTABLE FAN HEATER

4kW • 240 Volt • Single Phase

Garage - Workshop - Construction Site

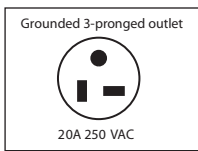

## FEATURES:

- Tubular Steel Heating Element
- 300 CFM Fan
- Built-In Thermostat
- 51°F temperature rise
- Optional mounting bracket
- 6 foot electric cord
- Handle used as cord reel
- Standard color: almond
- Grounded 3-prong plug
- High temperature limit with automatic reset

shown without optional bracket

shown with optional bracket

This high power portable economy heater is designed to provide a back-up heating source at a truly affordable price.

Perfectly suited for the workshop, garage or construction sites with its compact size and rugged steel construction, the optional wall bracket makes the KCH wall or ceiling mountable with 360° full rotation capability. The convenient 6 foot cord allows greater mobility to areas needing heating, while the handle serves as a reel for the cord when not in use. Easily set the desired temperature with the built-in thermostat. A high limit temperature control with automatic reset provides overheat protection. With a 300 cfm fan heat is dispersed efficiently.

Standard color is almond. 240 Volt Single Phase. One year warranty.

## SELECTION:

MODEL	UPC #093319 Part #	DESCRIPTION	List Price
KCH2440T	30081	4000W, 240V, 1-Phase with Thermostat	\$264.71
KCH2440T-B	30083	4000W, 240V, 1-Phase with Thermostat and Wall Bracket	\$288.24
